POLICE BAFFLED BY MOBS

Striking Trolley Men at Philadelphia Wreck Hundreds of Cars

HOSPITALS ARE FILLED

With Riot Victims and Police Shot Thirteen Year Old Girl.

Philadelphia, Feb. 21. — Philadelphia is practically in a state of siege. Following the bloody rioting of yesterday, street fighting was resumed this morning when the street car company, whose employes are on a strike, attempted to run its cars. Because most wormen were forced to resume their regular employment today, the rioting was not so severe as yesterday.

During last night's rioting 20 policemen and over 50 citizens were injured. Over 100 arrests were made.

No attempt was made to operate cars during the night. Thousands walked to their work this morning, rather than face the chance of injury by patronizing the cars. Policemen are running some cars today with non-union motormen hidden in the doorway telling them how to do it.

The big danger now is of a general strike. The local federated union has intimated that, if it should be shown that a general strike of all union men will aid the workers in winning their fight, it will be ordered. If called, it will precipitate the most bitter labor struggle since the great strike of 1877.

As an evidence of the fury of yesterday's rioting, it is said by the company that 297 of its cars were damaged and many will have to be rebuilt.

"The company is licked," declared C. O. Pratt, representative of the union, today.

Philadelphia Feb 21—The attempted lynching of a motorman by a mob in Kensington shortly after noon today resulted in the injuring of forty rioters by policemen who rode down the mob in answer to two riot calls Sympathizers angered by the importation of strike-breakers, attacked a car and dragged the motorman and conductor from their posts, pulled the four policemen guarding them off the car and while a number held the officers, others ran the motorman to a lamp post, threw a rope around his neck and were on the point of lynching him when he was rescued by Lieutenant Sykes of the mounted police who in answer to the first riot call came dashing around the corner and realizing the seriousness of the situation charged his horse directly into the crowd and swept it back Grabbing the motorman as he swept by he dragged him several hundred feet with a clutch on his coat collar and then hurled him into a cigar store The motorman, seriously injured, was taken to a hospital

The crowd then attacked the conductor, dragged him to the sidewalk and trampled him into unconsciousness He too was removed to a hospital in a serious condition

The rioters then attacked the car and wrecked it By this time the second riot call had been sounded and reserves swooped down on the mob and injured forty of them, three seriously Twenty arrests were made Realizing the futility of attempting to run cars through this section of the city the Transit company has ordered all cars on that line back to the barns

At Tenth and Lehigh streets late this afternoon dynamite was exploded under a street car The motorman was rendered unconscious and the car was wrecked The conductor fled into a store from which he was dragged and severely beaten

Philadelphia Pa Feb 21—The police force of the city baffled at every turn by mobs of sympathizers with the striking trolley men, cars wrecked against obstructions thrown across the tracks in practically every section of the city or bombarded with bricks, paving blocks and other missiles to the imminent danger to the few passengers who were forced to move from one part of the city to another scores of persons injured in clashes between police and rioters and at least one person, a girl spectator, probably fatally shot by a policeman, were some of the results Sunday of the second trolley strike within a year into which the city was plunged, almost without warning

Only the abandonment last evening of the scanty service attempted by the Philadelphia Rapid Transit company prevented a destruction of property on a greater scale than the city ever has known.

Firing wildly into a crowd which was making a demonstration, an unknown policeman on a Willow Grove car shot and probably mortally wounded thirteen-year-old Violet Beavan, of 929 Thirteenth street, and George Feltkampp, 23 years old, a private nurse at the Friends Asylum, in Frankford

Logs and stones had been placed on the tracks by strike sympathizers in an attempt to derail the car, and as soon as the obstruction was reached, witnesses say, the policeman on the car raised a window and emptied the six chambers of his revolver into the mob.

Violet Beavan is in St Joseph's hospital with a bullet in her stomach, and

DIPLOMATS AND PEERS GREET KING

Brilliant Assemblage Was Present When Parliament Opened Today

ADDRESS OF MONARCH

Delivered from the Throne and Debate in Reply Was Immediately Begun.

London, Feb. 21.—The third parliament of King Edward's reign which informally assembled on last Tuesday, was "opened in state" this afternoon at 2 o'clock. Added to the usual brilliancy of the occasion was a feeling of suppressed excitement due to the momentous problems that confront the new parliament, in the handling of which the utmost diplomacy will be required to prevent a speedy dissolution and another general election.

Such a gathering of noblemen as greeted the king when he entered the house of Lords will probably never be seen again as by the time another parliament meets, the great majority of those present today will most likely have ceased to possess any legislative power So far as looks went, the assemblage could scarcely have been more imposing. The peers were resplendent in their scarlet and white robes The judges, or "law lords"

CONGRESSMAN ASHBROOK CONTINUES TO IMPROVE

A telephone message to the Advocate from Mrs W. A Ashbrook Monday states that Congressman Ashbrook continues to improve and hopes to be able to return to his duties at Washington in the near future

Other messages from Johnstown confirm this agreeable information

On Sunday Congressman Ashbrook was able to call on his aged father who lives nearby Numerous telegrams were received at the Ashbrook home all day Saturday from anxious friends all over the Seventeenth district, inquiring as to the Congressman's condition and were agreeably informed that it was not at all alarming. The trouble was all caused by the exaggeration of a Newark correspondent of a Columbus morning paper

The death of Mr. Ashbrook's mother was a sudden affliction that prostated him very much Then at the funeral, being one of the pall bearers, he suffered from an accident that caused an injury to his side, which was of such a nature as to lay him up for a few days.

From this he is now recovering and the Congressman's general vigorous health is of such a nature as to leave no doubt of his early recovery.

GOVERNORSHIP AND SENATE SEAT INVOLVED IN MISSOURI DISPUTE

Jefferson C Mo Feb 21—Missouri politics, already stirred by a mixed situation ... as a Republican governor, one Democratic senator and one Republican senator, a Republican House and a Democratic Senate, is headed to the boiling point by the row between Governor Hadley, Republican, and United States Senator William J. Stone, Democrat Hadley alleges that the Democratic primaries in 1908, in which Stone was named, were tainted with fraud and says he will resign and pay the expenses of a recount if a new canvass ing of the returns does not show fraud Senator Stone in Washington has expressed his belief that a recount of the ballots is impossible in view of the time that has elapsed since the election and the impossibility of assurance that the ballot boxes have not been tampered with Governor Folk, his opponent in the election, has consented to a recount If the recount shows Stone's victory to have been accomplished by fraud, Stone should resign, and I will appoint Folk, said Governor Hadley

BIG DREADNOUGHT AND CRUISER TO TAKE DEADMAN TO HIS HOME

Washington, Feb 21—Conveying to Brazil the remains of the late Joaquim Nebuco, ambassador to the United States, who died suddenly in Washington a few weeks ago, will be the American armored cruiser North Carolina, in which the body will rest, and one of the world's biggest Dreadnoughts, the great new Brazilian battleship Minas Geraes The Minas Geraes, which left England for Hampton Roads several days ago, will convoy the North Carolina from Hampton Roads to Rio de Janeiro F. L. Chermont, second secretary of the Brazilian embassy in Washington, will accompany the body to Brazil The Minas Geraes is one of the latest and greatest of the world's Dreadnoughts At the time of her launching, September 10 1908, she was considered the world's most powerful vessel, but since that time she has been surpassed by some of the ships of the American, British and other navies She is on her maiden trip from England, where she was built for the Brazilian government, to her home country Her displacement is 19,250 tons Minas Geraes is the name of one of the states of Brazil That country has adopted the American system of naming its biggest ships for its states

PREMIER DEAD FROM WOUNDS

Cairo, Egypt, Feb. 21.—Boutro Pasha, premier of Egypt, died today from the three bullet wounds inflicted by Ibraham Wardani, a member of the society that is seeking Egyptian independence through terrorist methods Boutro was shot as he was leaving the ministry of Foreign Affairs.

Wardani following Boutro's death declared the act was a step towards Egyptian independence and that he would gladly forfeit his life as the price. A score of alleged accomplices have been arrested.

SENATOR TILLMAN IMPROVING.

ONE HUNDRED REPORTED LOST IN SATURDAY'S STORM

London, Feb. 21—Approximately one hundred drowned have already been accounted for as a result of Saturday's and Sunday's storm on the sea and along the coast and the list is being added to hourly

No further tidings have been received of a large unidentified steamship sighted last evening off Cutt Craig, Scotland, disabled and drifting. It is feared she has been lost.

The damage on land will run into hundreds of thousands of dollars and extends generally throughout England.

CANNOT COLLECT DOW TAX IN DRY COUNTIES

Jefferson O Feb 21—The circuit court Saturday decided that counties which had voted dry could not legally collect the $1000 a year Dow liquor tax from those convicted of selling liquor in violation of the Rose law in deciding the case of Haas vs. The Ashtabula county officials. This probably is the first time such a case has been passed upon by a circuit court An appeal to supreme court will be taken

The decision means that approximately $15,000 which already had been collected by the county from Rose law violators must be returned The county had planned to collect approximately $20,000 more.

Additional Militiamen Ordered to Scene of Cairo Riot

FUNERAL OF HALLIDAY

Killed by the Sheriff's Deputies Last Thursday, Largely Attended.

Cairo, Ill., Feb. 21.—Police officers are searching the city for a negro suspected of purse-snatching, and another clash of the authorities and the citizens is feared if the man is caught. Feeling is still running high against these negroes and intensity was added to this sentiment Sunday afternoon when negroes, it is charged, made insulting gestures at the persons in the funeral procession that was following the body of Alexander Halliday, killed Thursday night in an attack on the jail, to the cemetery

Nearly 600 persons attended Halliday's funeral and accompanied the body to Mounds, Ill., in a special train. As the train was passing through the negro district east of Cairo, negroes collected on the streets to watch its passage. At Thirty-first street, members of the funeral party assert, an insulting demonstration was made. An effort was made to organize a party on the train during the return trip to Cairo to wreak summary revenge on the negroes, but no disturbance resulted

An unidentified man created the disturbance at the cemetery by demanding permission to make a speech over the grave, but he was hurried away. He said he was a friend of Halliday and that he had been run out of town by the police

The negro the police were after last night is believed to have been associated with John Pratt, the negro who escaped lynching when Sheriff Nellis defended the jail at the cost of one life and the injury of several others in the attacking party. If he is caught an effort may be made to take him away from the police before the militia has an opportunity to interfere.

The military continued to patrol the streets last night at regular intervals. Several small crowds were dispersed during the day, but no demonstration took place of any moment.

The bitterness of feeling against the negro element is manifested in threats and rumors of future demonstrations. Women generally are carrying revolvers and are urged by their husbands and male relatives to shoot to kill if attacked.

The special grand jury which has been instructed to investigate the riot, probably will be dissolved when it reconvenes. Judge William Butler, who instructed the grand jury, conferred with Sheriff Nellis and later announced that he would decide whether a new jury is necessary. There are four negroes on the jury.

The home of Sheriff Nellis is guarded by the militia and he is given a military escort when he leaves the courthouse Popular feeling is against him for using negro deputies and allowing Halliday's body to lie in front of the jail for three hours

Adjutant General Dickson, Governor Deneen's personal representative, declared that Sheriff Nellis was not ordered by the governor to permit Halliday's body to lie on the ground until the militia arrived Mrs. Nellis, wife of the sheriff, collapsed yesterday afternoon under the strain and is now under a physician's care She is one of the women who are carrying revolvers.

The ministers in their pulpits for the most part yesterday united in urging the citizens to support the law. Rev Frank Thompson of the First Christian church said in part.

No American whose heart is filled with passion for the commonwealth, can approve mob law, yet things have occurred in Cairo which, if they had not moved Cairo's brave men to deeds—daring and desperate deeds—and Cairo's fair women to tears, would have lowered them to the level of the unseeing ox, which calmly feeds as his comrade suffers or dies

This, in a way, is the feeling in Cairo among the masses

Company H of Shelbyville, of the Illinois National Guard was last night ordered to report here by Adjutant General Dickson The Shelbyville company will report here this afternoon on a special train Adjutant General Dickson and Sheriff Nellis conferred last night and the ordering of the additional militiamen was the result

Neither Adjutant General Dickson nor Sheriff Nellis would say that any particular trouble is expected. They say the additional militiamen were ordered as a precautionary measure.

If the verdict of the coroner's jury at the inquest, which was resumed today names a negro deputy sheriff as being responsible for the death of Alexander Halliday, it is believed that an effort will be made to harm the deputy.

When The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys most, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.

The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best.

Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

PEOPLE'S PULPIT...

Sermon by CHARLES T. RUSSELL, Pastor Brooklyn Tabernacle.

THE TWO SALVATIONS

"God so loved the world that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life" (John iii. 16).

"Christ also loved the Church and gave himself for it, that he might sanctify and cleanse it by the washing of water by the word; that he might present it to himself a glorious Church, not having spot, or wrinkle, or any such thing; but that it should be holy and without blemish" (Ephesians v. 25-27).

Tampa, Fla., Feb. 20.—Pastor C. T. Russell of Brooklyn Tabernacle preached twice here today in our largest auditorium to the "Bible Students' Convention." The large audience seemed deeply interested. He said:—

Some apply the first text only and think of the Divine Program as being merely an endeavor to rescue mankind from sin and death to righteousness and eternal life in the present time. Such as hold this view are much confused, because it must be acknowledged that comparatively little has been done, or is now being done, for man's uplift. After six thousand years it is still true that "The whole world lieth in the Wicked One;" "Darkness covers the earth and gross darkness the heathen." In order to have any confidence at all in this theory those who hold it are obliged to greatly lower their standards. They are forced to hope that God will admit millions of unfit people, crude, rude, ignorant and wicked to eternal life and happiness, or perchance provide for them Purgatorial experiences, to make them fit, righteous and acceptable for life eternal. As a whole, Christian people are greatly bewildered. The tendency of their bewilderment is toward doubt, skepticism, atheism.

The other view briefly stated is that God never intended the salvation of the world, but merely the salvation of the Church, elect according to the foreknowledge of God through sanctification of the Spirit and belief in the Truth. Those who hold this theory have great confusion also, because it seems incomprehensible that God would make no provision for "thousands of millions" of Adam's race, but arrange for them to be born in sin, shapen in iniquity, and to go down to the tomb (or worse) without a clear knowledge of God and his purposes and will respecting them.

As we have already frequently set forth, both of the described theories are erroneous. The Scriptures set forth two salvations, entirely separate and distinct. They are different as respects time, in that the one "salvation began to be spoken by our Lord" at his First Advent, and began to be applicable to his Church at Pentecost, and will wholly cease at his Second Coming in the end of this Age. The other salvation neither applied before our Lord's First Advent nor during this Gospel Age, but will apply to all mankind, except the Church, during the Millennium—the thousand years of the reign of Christ and the Church, specially designed for the blessing of the world and its uplifting out of sin and death conditions.

These two salvations are distinctly different as to kind, as well as respects their plan of operation. The salvation of the Church during this Gospel Age—since Pentecost—means not only a deliverance from sin and death conditions to eternal life, but provides that the eternal life will be on the heavenly or spiritual plane and not on the earthly or human plane of existence. Thus the Apostle declares that our "inheritance is incorruptible and undefiled and fadeth not away and is reserved in heaven for us, who are kept by the power of God through faith unto salvation" (I Peter i. 4, 5). Our Lord also told that in the resurrection we shall be like unto the angels. The Apostle also declares that ultimately we shall be partakers of the divine nature and like our Lord and Redeemer.

Hence, all who participate in this salvation of this Gospel Age are Scripturally spoken of as New Creatures in Christ Jesus, whose "citizenship is in heaven." These are assured that at the Lord's Second Coming they will constitute the First Resurrection class. They are guaranteed that only the blessed and holy will have part therein, and that all participating in that First Resurrection will be Royal Priests unto God and unto Christ, and reign with him a thousand years (Revelation xx. 6). They are assured that the transformation of mind which they now experience through the begetting of the holy Spirit will, in their resurrection, result in a complete transformation, providing them with *spirit bodies*. Thus it is written of their resurrection, "It is sown in weakness; it is raised in power: It is sown in dishonor; it is raised in glory: It is sown an animal body; it is raised a spiritual body" (I Corinthians xv. 42-44). Of those who will share in the Church's salvation the Apostle says, "We shall not all sleep, but must all be changed," because "flesh and blood cannot inherit the Kingdom of God" (I Corinthians xv. 50, 51).

The world's salvation which will follow will be wholly different from this. It will not include a change of nature from earthly to spirit nature. It will mean a rescue from sin and death to the earthly perfection of the original man, in the image and likeness of his Creator, and surrounded by every necessary blessing for his comfort. Human perfection and the Eden home were lost through disobedience to God. The Divine arrangement is that the merit of our Lord's obedience unto death, when ultimately applied for mankind, shall fully cancel the death sentence upon him. More and better than this, God has promised that the same Sin-Offering shall seal a New Covenant between himself and mankind. The blessings of that New Covenant arrangement will then immediately begin. The great Redeemer will thenceforth be the great Mediator of that New Covenant. The whole world of mankind will be fully under his supervision and government for their blessing, their correction in righteousness, their uplifting out of sin and death conditions—back, back, back, to all that was lost in Eden. All of this was the original design of the Great Creator. All of this will be outworked through the Great Redeemer. All of this was secured or *purchased* by his death, finished at Calvary (Hebrews vii. 22).

St. Peter, pointing down to that glorious time of the world's blessing, calls it "times of refreshing and times of restitution." He tells us that all the holy prophets described the blessings of those restitution times—the thousand years, the Millennium (Acts iii. 19-21). When once we get the eyes of our understanding opened, we find the Apostle's words thoroughly corroborated by the Divine records, which describe the wonderful blessings that are to come when the earth shall yield her increase. Then Paradise Lost shall be Paradise Regained. Then God will make his earthly footstool glorious. Then the blessing of the Lord shall make rich and he will add no sorrow therewith. Then streams shall break forth in the desert and the wilderness and solitary places shall be glad. But most glorious will be the change in humanity. The Lord promises to turn to the people a "pure message"—instead of the contradiction of creeds of heathenism and Churchianity. He promises that Satan shall be bound for that thousand years, that he may deceive the nations no more. He promises that then all the "blinded eyes shall be opened and all the deaf ears shall be unstopped" (Isaiah xxxv. 5; II Corinthians iv. 4).

Two Salvations—One Savior.

Both of these salvations, according to the Bible, result from the death of Jesus our Redeemer, who died in obedience to the Divine will, "Died, the Just for the unjust, that he might bring us to God" (I Peter iii, 18). The Scriptures clearly show not only the two salvations, but also two parts of the Redeemer's work, distinctly separating his work for the Church from his work for the world. In his death there was a Divine general provision for the sins of the whole world and a special provision for the sins of the Church. The two thoughts are frequently brought out in the Scriptures. One text distinctly declares, "He is the propitiation [satisfaction] for our sins [the Church's sins], and not for ours only, but also for the sins of the whole world." His death constituted the satisfaction price. The Redeemer applied that merit for the Church's sins, "for us," long ago, eighteen centuries before we were born. Only when we became believers and entered into a Covenant of sacrifice did we obtain our share in the merit of that great sacrifice. The world has not yet received its share of that promised blessing, but the operation of the Divine Plan is sure and will bring it to them "in due time," as St. Paul declares (I Timothy ii. 6).

The drawing and calling of the Church has not been along the lines of human perfection, for all are sinners and none righteous or perfect. And many of those drawn of the Lord were by nature much more fallen and depraved than some who give no evidence of the work of grace in their hearts. The Lord's calling and drawing seem to be along the lines of justice, love of righteousness, faith, humility and obedience. These qualities will all belong to the perfect man. But all have lost them in varying degrees. Such as respond to the Lord's call now are accepted as being in the right heart attitude which, if they had perfect bodies, would constitute them perfect men. In other words, they have qualities of heart which, if brought to a knowledge of the Truth, would prove some of them to be pure in heart and such as the Lord would desire should have eternal life and all of his favors. But more are called and drawn by God's providences and the preaching of his message than he designs to save in the present salvation. He is choosing a very select class for a very special purpose and therefore makes the terms and conditions of their salvation extremely difficult. As a consequence we read, "Many are called, but few chosen"—under this "high calling of God in Christ Jesus."

Terms of Salvation Differ.

Of course, these different salvations imply different terms or conditions, God's requirement of Adam, that he might continue to live forever and everlastingly enjoy Divine favor, his Eden Home, etc., was obedience to reasonable, just requirements. It was his violation of the Divine Law that brought upon him the sentence of death—"Dying thou shalt die"—with all that this has implied to him and his posterity of mental, moral and physical decline, weakness, death. The requirement of God for the world of mankind during the Millennial Age will similarly be obedience to God's just, reasonable regulations, laws. Whoever then will render obedience may with proportionate rapidity go up on the highway of holiness toward perfection at its end. Whoever refuses obedience to the extent of his ability will fail to make progress and ultimately die the Second Death, from which there will be no redemption and no resurrection.

Such obedience as will be required of mankind in the great Mediator's Kingdom will include their co-operation in the resistance of their own fallen weaknesses. It will include the exercise of patience and kindness towards their fellow-creatures, fellow-sufferers. The Divine law of love to God with all the heart, mind, soul, strength and for the neighbor as for one's self they must learn fully. As they will realize their own blemishes and strive to overcome them and ask, not the Father, but the Mediator for forgiveness, they will be obliged to follow the Divine rule of exercising towards others similar mercy and forgiveness to that which they desire for themselves. But they will not be required to enter into the covenant of self-sacrifice, self-denial, etc. All the blessings of God on the earthly plane will be for them fully and freely to use and enjoy, in harmony with the Divine regulation.

The conditions governing the salvation of the Church are wholly different from those which will appertain to the world. The Church is called out of the world under a Divine invitation to suffer with Christ in the present life and during this Gospel Age and then to reign with Christ during the Millennial Age, participating in his Mediatorial Kingdom for the blessing, uplifting, salvation of the world. It is not in vain, therefore, that our Lord and the apostles, in setting forth the call of the Church during this Age, specified particularly and frequently the necessity for all who would share in this salvation to participate with the Redeemer in *his sacrificing*, in "*his death*," and consequently participate in "*his resurrection*" and in his reign of glory. Hark to the words, "Be thou faithful unto death and I will give thee a crown of life;" "To him that overcometh will I grant to sit with me in my Throne;" "And whosoever doth not bear his cross, and come after me, cannot be my disciple" (Luke xiv. 27). Let us remember our Lord's words to the disciples James and John, respecting a place in his Millennial Throne. He intimated that the getting to the Throne at all, in any place, would imply great humility and self-sacrifice. He asked the disciples, "Are ye able (willing) to drink of the cup that I shall drink of and to be baptized with the baptism (into death) that I am baptized with?" (Mark x. 38.) Hearken again: This cup of which he tells us we must drink, if we would sit in his Throne, is his *communion cup*. It is offered, not to the world, but to his consecrated followers. It is not another cup, but "My Cup." The invitation was, "This is my blood of the New Testament, which is shed for many for the remission of sins. Drink ye all of it" (Matthew xxvi. 28, 27). It must all be drunk before the many, the world, can get their share of the intended blessing through the New Covenant, which this blood seals. And only the disciples of Christ, only those who desire to walk in his steps, are invited to drink of that cup. All of them are so invited and they will drink all of it. None of it will be left for the world during the Millennial Age to drink. It is a special privilege to drink of this cup. With the drinking of it goes the special blessing of the special salvation of this Gospel Age. Except we eat of his flesh (appropriate the merit of his sacrifice), and unless we drink his blood (join in sacrifice with him), we have no life in us—inherent life, immortality.

So far as our hearts and minds are concerned at the time of our consecration they must be fully given up to the Lord ere he will accept them. We could be no more fully consecrated if we had absolutely perfect bodies and were absolutely free from all the entailment of Adam's condemnation. But God's requirement is that no sacrifice may come upon his altar, except such as is without spot or blemish. Hence he could not accept our offering, our consecration, even though it were as completely and fully made as was our dear Redeemer's. Hence his first provision was that the righteousness of Christ should be imputed to us on account of our faith and obedience, in order to permit us to offer sacrifices holy and acceptable to God (Malachi iii. 3; Romans xii. 1).

This view of our participation in the Redeemer's merit separately and apart from the world's participation in it—by faith and imputation of merit and not actually—the Bible declares to be a "mystery," which not many are able to discern—only the spiritually-minded—only the spirit-begotten. Those who *can* see and hear and understand the terms and conditions of this great salvation of this Gospel Age are specially blessed—"Blessed are your eyes, for they see, and your ears, for they hear" (Matthew xiii. 16). To see, to hear, to understand, that glory, honor, immortality, eternal life on the spirit plane, are the rewards of a few years of self-denial and self-sacrifice, is to hear of a pearl of great price, of which few know. And to know of that pearl and not to be willing to sell all that we have to obtain it would demonstrate to the Father our unworthiness of life on this high plane. We exhort so many as see and hear and appreciate, in the words of the Apostle, "Let us make our calling and election sure" by a full and hearty compliance with the gracious high calling of which we have learned and which our hearts have accepted (II Peter i. 10).

COURT NEWS

Common Pleas Court.

In common pleas court on Monday the court and jury took up the trial of the case of the State of Ohio vs. Leroy Underwood, indicted for assaulting Amzi Billman with a club with intent to kill. A number of witnesses are in attendance.

Homestead Building and Savings Co. vs. Frances Schimpf, decree and order of sale.

Mellville Gillett vs. Pullman Company; plaintiff filed an amended petition. The court has not yet passed upon the motion to discharge the attachment and to dismiss the original petition. This is the suit in which a Pullman car was attached by the sheriff and has been in his custody for several months, the plaintiff, Gillett, claiming compensation for some wearing apparel lost while in one of defendant's cars.

Celia Hirst vs City of Newark et al., an action for damages for personal injuries. Demurrer to petition on ground of misjoinder of parties defendant overruled. Motion to petition to be submitted next Saturday.

Charles W. Bourner vs. Homestead Building and Savings Co., demurrer sustained.

Granted Divorce.

Judge Brister Monday morning handed down his decision in the celebrated divorce case of Billman against Billman, which has been dragging along in that court for a long time. The court found Mrs. Billman guilty of acultery with Roy Underwood, but not guilty of conspiring to assault her husband. He gave Mr. Billman a decree of divorce on the ground of infidelity and also gave him the custody of the minor child, a girl aged eight years. He ordered Billman to pay the cost of the proceedings, except the continuance of one day, for which the defendant had to pay the costs. The court ordered Mr. Billman to pay Mrs. Billman alimony in the sum of $300 on the old legal principle laid down in Wright's Report in a similar case where the woman was found guilty of infidelity.

Case Continued.

The case of Susan O'Dowd vs. John O'Dowd for alimony and the custody of the minor children, which has been on trial in the probate court for some time, was continued Monday until next Monday morning.

Juvenile Court.

The case of the State of Ohio against L. W. Campbell for neglect of a minor child will be taken up in juvenile court Wednesday morning.

Relief Commission.

The Soldiers Relief Commission met in the Commissioners' office Monday and passed on one application for relief, that of Mrs. May Jewell.

Damage Suit.

Walter F. Spitzer has commenced suit in the common pleas court against Frank Belcher for $10,000 damages for alienating the affections of his wife. Spitzer has also commenced proceedings against his wife for divorce. P. B. Smythe is the attorney for the plaintiff.

Marriage Licenses.

Ira Street, Newark; Mrs. Sadie E. Wood, Newark.

Roy Clarey, Newark; Grace Gertrude Jourdan, Newark.

John Frederick Steinbaugh, Newark; Clara Emmet Buey, Newark.

The decrease of song birds on the plains is said to be due to the raids of the increasing bands of coyotes which prey on the young birds.

The Newark Trust Co. will observe Tuesday, Washington's Birthday, as a legal holiday. d1t

For Woman's Eye

A very pleasant evening was spent at the home of Mr. and Mrs H. C. Dennis on Saturday at their home on Granville street, it being in celebration of Mrs. Dennis' birthday anniversary. Dancing was the chief amusement of the evening and those present were Mr. and Mrs. Willis Reichard, Mr. and Mrs. Jasse Williams, Mr. and Mrs. Joseph Perks, Mr. and Mrs. George Rowell and son Kenneth, Mr. and Mrs. Eugene Snyder, Mrs. Rose Groves, Mrs. Frank Jennings, Mrs. Anna Bowman, Misses Hattie Wilson, Zola Belt, Augusta Bieber, Hazel Bowman, Velma Pickering, Esther Bieber, Tillie Jennings, Serena Groves, Kate Andrews, Marie Williams, Alma Odendahl, Nana Rowell, Messrs. John Rohe, George Shaller, Howard Miller, Lyman Beecher, Lewis Clark, Allen Weakley, Carl Bucklin, Floyd Whitehead, Phil Keller, Carl Layman, Clell Sutton, Harvey Jennings, Frank Hartman and R. X. Dennis of Delaware.

A dainty lunch was served and all departed for their homes, wishing Mrs. Dennis many happy returns of the day.

The members of the Monday Talks convened today in the library room of the court house and discussed the following program:

Talk on Northeastern England—Mrs. Jones of Yorkshire, England.

Edinburg, the Athens of the North, Within its Literary Gates—Mrs. Fred Black.

Current Topic — Mrs. Edwin Besuden.

A merry crowd of Newark people enjoyed a bob-sled ride on Saturday evening to the home of Mr. and Mrs. Clark Cochran six miles southwest of the city and spent the hours in music and dancing. At midnight an appetizing oyster supper was served and after bidding farewell to the host and hostess, the jolly party started for home again.

Those participating in the pleasures of the evening were Mr. and Mrs Ernest Forest, Mr. and Mrs. Clifford Markham, Mr. and Mrs. Jesse Woolard, Mr. and Mrs. Nelson Vanatta, Mr. and Mrs. Guy Hoffman, Mr. and Mrs. Marion Redman, Mr. and Mrs. Archie Woolard, Mr. and Mrs. Frank Pierce, Mr. and Mrs. Carl Yontz and Mr. Earl Fenn.

Mrs. Arthur Albert Haines and Miss Maud Lyda of Newark are honored guests during this week at a house party given by Mrs. Margaret Moody of Broad street. Friday evening a six o'clock dinner will be given at which Mrs. Ella Brungs of Rich street, Columbus, will be an out-of-town guest. On Saturday guests from Brecken will be entertained by Mrs. Moody.—Lancaster Gazette.

The Thursday Afternoon Thimble club was delightfully entertained by Mrs Ira Wicker at her home in the Orphium building. The afternoon was busily spent in needle work after which a dainty two course lunch was served.

Mrs. W. B Hopkins of Hudson avenue, has issued invitations for a progressive euchre party which she will give at her home on Wednesday afternoon.

V Raymond Nold, a pupil of W. S. Sterling, has lately been appointed as organist and choirmaster of the Episcopal Church of St Mary the Virgin, New York City. Mr Nold has a large divided organ, a large double chorus choir and orchestra under his charge at the church service, and is attracting much attention by the beauty of the musical services.—Cincinnati Enquirer.

The above article was given space in the musical column of Sunday's Enquirer, concerning a former well known Newark young man, who for a short time entertained local audiences while organist at Trinity Episcopal church.

A most complete surprise was planned and carried out Wednesday evening, February 16th on Mr. C. Oliver Foulk at his home in North street in celebration of his birthday anniversary, and for the occasion the parlors were artistically decorated with a profusion of red hearts. The hours were spent in social conversation and various guessing contests for which the prizes were awarded to Mr. T. A. Foulk, Miss Mary Palmer, Mr. T. A. Foulk, and Mr Ernest Foulk. At 11 o'clock the guests were invited to the dining room where by means of dainty heart shaped place cards they were seated at one large table, having as its centerpiece a large heart formed of carnations, and served a delicious three course luncheon by Mrs. Foulk, assisted by Mrs. M. A. Cummings. The host was the recipient of many useful and beautiful gifts from his guests.

In the party were Messrs. and Mesdames T. A. Foulk, C. W. Snelling, J. N Foulk, M. A. Cumming, C. Oliver Foulk, Mrs. D. D. Avery, Misses Gleona Pfieffer, Mame Harter, Agnes Avey, Mary Palmer, Messrs Ernest Foulk, Herschel Stewart, Leslie Merriman, and Mr Carl Foulk of near Johnstown.

TRIO OF FASCINATING MILLINERY.

Here is a group of beautiful and becoming chapeaux, exceedingly fashionable for present use, and sure to be good for early wear next winter.

On the left is a charming turban in silk beaver, the entire crown formed of ermine. Directly in front is a dainty feather mount of merle plumage. If preferred, chinchilla or squirrel skins might be used with equally good effect, while for mourning, broad-tail might be substituted. In any case, however, the stole and muff should match the hat fur.

At the top is a simple, but smart-looking hat, with a full Tam o'Shanter crown of velvet, bordered with Russian sable. This model looks well in any shade of velvet, and if one must consider expense skunk, bear or pointed fox produces splendid effects.

On the right is a chic toque of lightly swathed black tulle in turban style, trimmed with a spreading bunch of black osprey. This is a useful as well as pretty model—suitable for all occasions and all seasons. It is very light in weight and makes up successfully in any shade tulle.

STEINBAUGH—BUCY.

At the home of Rev. H. C. Stuckenberg on Saturday evening was performed the marriage service which united the lives of Miss Clara Bucy and Mr. John F. Steinbaugh, both well known young people of this city. The bride is the daughter of Mr. and Mrs. Thomas Bucy, now of Columbus, but formerly of Newark, and has for some time past been employed at the Scott-Griggs Co. dry goods store. Mr. Steinbaugh is a molder at the Wehrle plant and is the son of Mrs. Chris Steinbaugh. Both Mr. and Mrs. Steinbaugh have the best wishes and congratulations from a host of friends. After March 1st they will be at home to their friends at 49 Maholm street.

On Thursday evening, February 17th, Mr. and Mrs. C. O. Foulk entertained in honor of Mr. Carl Foulk of near Jacksontown. The evening was spent in playing progressive flinch which was followed by the serving of a dainty luncheon.

In the party were Mr. Carl Foulk, Mr and Mrs M. A. Cummings, Mr. and Mrs. C. O. Foulk, Misses Elizabeth Steff, Mary Steff, Anna Copeland, Messrs. Glenn Steff and Carl Copeland.

Mr. and Mrs George Bradshaw of Niel avenue, Columbus, entertained with a house party at their home over Friday and Saturday. In the party were Misses Armstrong, Julia Wolfe, Lena Horn, and Miss Mame Schlegel of this city.

Misses Grace Wilson, Leontine Moore, Mary Follett and Catherine Sedgwick were week-end guests of friends in Zanesville and were the honor guests at several delightful teas and sleighing parties and a slumber party.

INDIGESTION AND STOMACH TROUBLE ENDS

No Gas, Heartburn, Dyspepsia or Headache Five Minutes After Taking a Little Diapepsin.

If you had some Diapepsin handy and would take a little now your stomach distress or Indigestion would vanish in five minutes and you would feel fine.

This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it.

If your meals don't tempt you, or what little you eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of Indigestion.

Ask your pharmacist for a 50-cent case of Pape's Diapepsin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go, and besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drugstore waiting for you.

These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disturbance.

Recipe for Tuesday, February 22.

Baked Hash—Mix one pint of cold, finely chopped beef with the same quantity of cooked chopped potatoes. Melt one tablespoonful of butter in a frying pan; add the meat and potatoes and moisten with one and one-half cupfuls of stock. Mix until heated, season to taste and turn into a greased baking dish. Bake for 30 minutes in a moderately quick oven.

Nougat Ice Cream—Shell and blanch one-half cupful of pistachio nuts and one quarter of a cupful of English walnuts. Chop very, very fine with one cupful of blanched almonds. Make a rich vanilla cream and when nearly frozen beat in the nuts with a spoon, adding a few drops of pistachio extract.

THE DOCTOR'S QUESTION

Some Advice Against the Use of Harsh Purgatives and Physics.

A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver. This condition poisons the system with waste matter and causes accumulation of gases which must be removed through the bowels before health can be restored.

Salts, ordinary pills and cathartics may be truly likened to dynamite. Through their harsh, irritating action they force a passage through the bowels, causing pain and damage to the delicate intestinal structure which weakens the whole system and at best produces only temporary relief. The repeated use of such treatments cause chronic irritation of the stomach and bowels, dries and hardens their tissues, deadens their nerves, stiffens their muscles and generally brings about an injurious habit which sometimes has almost, if not fatal results.

We have a pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of its great curative value that we promise to return the purchaser's money in every case where it fails to produce entire satisfaction. This remedy is called Rexall Orderlies. We urge you to try them at our risk.

Rexall Orderlies are eaten like candy, they act quietly and have a soothing, strengthening, healing, regulative influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effects, and they may be taken at any time without inconvenience.

Rexall Orderlies overcome the drugging habit and safely remedy constipation and associate ailments, whether acute or chronic, except in surgical cases. They are especially good for children, weak persons or old folks. Price, 36 tablets 25 cents and 12 tablets 10 cents. Remember you can obtain Rexall Remedies in Newark only at our store, — The Rexall Store, Hull's Drug Store, 10 North Side Square.

BEHOLD THE BUNCH!

In its issue of Saturday, February 12, the Cincinnati Commercial-Tribune, one of the leading Republican papers of Ohio, printed on its first page a group of portraits under the label "Prominent in the Dayton Harmony Meeting."

And who do you suppose they were? Grouped about the portrait of John Hays Hammond the mining magnate who has been financial "angel" for Republican clubs in Ohio since 1898, were the faces of Dick, Burton, Wade Ellis, Walter Brown, Arthur Vorys, Hy Davis, and Herrick.

What do you suppose Murat Halstead, for many years the editor of that Republican paper, would say to a bunch like that if he could have been present in the flesh?

OUT-CANNONS CANNONISM

In his speech at the New York club's Lincoln day dinner President Taft said regarding the Cannon-Aldrich tariff law, passed at the special session of congress last summer: "I, therefore, venture to repeat the remark I have had occasion to make before, that the present customs law is the best customs law that has ever been passed."

He also said: "We did revise the tariff. Nothing was expressly said in the platform that this revision was to be a downward revision."

Then why make so much fuss about pledges against Cannon and Cannonism on the part of those Republican congressmen from Ohio who are candidates for re-election? Are the people to be deceived by any such political pretense or subterfuge.

THE PEOPLE'S INTEREST IN CONGRESSMAN ASHBROOK

The interest and anxiety manifested by people from all portions of the Seventeenth district concerning the illness of Congressman Ashbrook was unmistakable on Saturday, as shown by the numerous telephone and telegraph messages received at the Advocate office.

These numerous inquiries continued to be received at the Advocate office on Monday, all being of the same tenor, anxiously inquiring after the Congressman's condition, and manifesting the greatest satisfaction and pleasure at the news of Mr. Ashbrook's improved condition, as stated in the news dispatches from Johnstown.

That there is a profound interest in the welfare and success of Congressman Ashbrook throughout the entire district is most distinctly manifested in this pronounced feeling in his behalf.

There is no mistaking the fact that the people of this district have an appreciation of his valuable services and untiring and busy efforts to promote every business interest of his constituents.

And if he is again renominated, which he doubtless will be, his majority at the election will be as great, if not greater than his unprecedented majority in 1908.

WADE NOT AN ASSET

It is said that Wade Ellis, recently appointed receiver of the Republican party in Ohio by Judge Taft, will be permitted to serve at least until the state Republican convention without bond for he reason that there are no visible assets to be administered.

It may be discovered later on that Wade himself is a liability instead of an asset.

CAUSE AND EFFECT

"A prominent Republican is quoted as saying at the Dayton pow-wow: President Taft has elected to put himself and his lieutenants in control of Ohio politics at this time because the Republican party in Ohio today is in process of disintegration and shattered by factional strife. One reason why the Republican party in Ohio is in such a condition today is because William H. Taft is in the White House and the party's affairs in Ohio are being handled by his lieutenants, aided by Brother Charles, Herrick, Hy Davis, Vorys and Walter Brown.

SUCCESSFUL REVIVAL AT CHURCH OF CHRIST

There were forty more additions at the Brooks meetings at the Central Church of Christ yesterday, twenty-eight at the night service. This makes the very remarkable record of 168 additions in eight days of invitation. It is one of the most successful revivals ever held in the state by the Christian church.

Yesterday afternoon at the High School Auditorium, the great service for men was held. The building was filled, many of the fraternal orders being in line. The stage was occupied by the adult chorus of mixed voices. Mr. Lewis led the big crowd in singing some of the old, familiar songs and then the chorus gave some special numbers, such as "Columbia" and "Star Spangled Banner." Mr. Lewis sang "Calvary" as a solo.

The lecture by W. T. Brooks on "The New Citizen" was roundly applauded and pronounced a great address. He attacked some of the evils of the day and outlined a life for the ideal citizen.

Mr. Brooks said that tonight he would preach on "The Devil After Newark."

The evangelist declared that it was the business of the preacher to exercise a two fold influence in a community, to build up the good and tear down the evil.

There were twelve baptisms last night in the opening of the service. At the close of the meeting it was an imposing sight to see the twenty-eight who had made the start in the Christian life, together with the twelve who had previously been baptized all stand together to confess Christ or to receive the hand of fellowship.

The meetings will continue every night this week, baptizing services each night at seven fifteen, immediately followed by preaching services.

THIS IS IMPORTANT.

W. A. Erman & Son Desire to Announce That They Are the Agents for Thompson's Barosma, the Money-Back Kidney and Liver Cure.

There are hundreds of people, young and old, right here in Newark, who are taking medicines for various ailments, who do not even suspect that the kidneys are to blame.

These sufferers do not know that in all probability their kidneys are all clogged up, are inflamed or congested, and are unable to properly filter the impurities from the blood.

It is the kidneys that keep the blood pure, and if the kidneys are not in good condition, disease of other organs of the body will surely develop.

Thompson's Barosma will cure any disease of the kidneys, or W. A. Erman & Son will give you your money back.

Don't say, dear reader, that your kidneys are all right, for if you suffer from lame back or side, from backache, dizziness, pains that come and go as quick as a flash, or if you have that "all-in-don't-care-what-happens" feeling, then your kidneys are clogged up, and you need Thompson's Barosma to thoroughly cleanse, renovate and purify them.

If you are in ill-health now, and are not absolutely certain of the cuse, get a 50 cent bottle of Thompson's Barosma at W. A. Erman & Son's today. It will tone up your kidneys, liver and bladder in a week.

It is the best investment you can make. It is worthy of a trial on our guaranteed plan. Ask for Thompson's Barosma. The dollar bottle contains more than twice as much as the fifty cent size.

DENISON BEATEN BEFORE STARTING

Granville Team Stages a Comedy at Ohio State Gym Saturday.

A comedy was staged at the Ohio State gym Saturday night instead of a basketball game. Denison came to Columbus with five men to play the popular indoor sport, but put on a travesty instead. State toyed with the Granville team and won, 54 to 10.

Denison went on the defense as soon as the game was started and tried only to keep the score down. Her players would receive the ball in the State end and would make no effort whatever to get the ball down on their territory. This style of game became real funny after a few minutes of play.

With the coach telling the men to stand still and pass the ball to one another under the State basket caused the whole house to roar. When they would start the ball toward their own basket, it would roll complacently and keep the ball down in the other end. As it turned out Denison got but five field goals and probably a half dozen other points. The lineup:

Ohio State	Denison.
Bigelow, r.	Brown
Spangler, Purington, c.	Monroe
Poole, Norton, l.	Stokes
Simms, r.	Bowers
Beaver, Poole, Purington, g.	Higgins

Field goals—Bigelow 2, Poole 2, Norton 2, Spangler, Simms 2, Purington, Stokes 2, Brown, Bowers.

Foul goals—Bigelow 4.

Referee—Kinkle.

Time of halves—20 minutes.

WILL CELEBRATE 11TH ANNIVERSARY WEDNESDAY EVENING

The Home Guards of America will celebrate the eleventh anniversary of Newark Home No. 31, Wednesday evening. The new Coshocton degree team will be present and initiate a class of candidates.

The home extends a special invitation to all members of the order. An extra effort is being made to have all the original charter members of Newark home present. At the conclusion of the exercises an exhibition drill by the new Newark team, refreshments will be served in the banquet rooms. It is desired that all members and the candidates come early as the Home will be called to order at 7 p. m. sharp. The members of Coshocton home will arrive in our city at 6 p. m. at the Panhandle depot and those of our members who can are requested to meet them.

TAFT GREATEST SPEECHMAKER.

Rapidly Establishing a New Presidential Record.

FOUR BIG VOLUMES TO DATE.

Has Been at It Ever Since He Went to Manila—Automobilists Want Uniform Road Law—Is There to Be a Tariff War With France?—Postal Savings Bill May Be Beaten.

Washington, Feb. 21.—At present progress Mr. Taft will soon be known as the greatest speech maker among the Presidents, his record even going ahead of Roosevelt's. From the time he went to the head of the Philippine commission, a short ten years ago, three large volumes of his speeches have been printed, and a fourth is under way. Even these hefty volumes do not contain the bulk of his stump and hustings utterances. Scores of the shorter speeches have been omitted. Mr. Taft is already known as the most widely traveled president, and this new record would make it appear that he talks as he runs. The output in both lines promises to be kept up. Already the Chicago trip of the chief executive is imminent, and an Alaska journey is outlined for next summer. There will, of course, be speeches on both.

Uniform Auto Laws.

The automobile convention in session here has advocated many things, among them federal registration, but its chief contention was for one road law throughout the land. It must be confusing for a chauffeur to run into a new set of speed laws and regulations every time he crosses a state boundary. In practice his tribulations are even greater, for he meets a new line of requirements every time he comes into the domain of a new constable. In the matter of speed regulations constables and policemen, while not exactly a law unto themselves, have a wide latitude of interpretation and of judging the speed actually made. It is hard to see just what the United States government can do about all of this, for if it attempted to control speed regulations within the states and to dictate to the officers of the law applying the same there would go up a howl about federal usurpation and interference that would rock the stone lady on top of the capitol. Yet no doubt a federal registration measure and a uniform road law for all United States territory might help.

France Threatens Tariff War.

Dispatches from Paris announcing that France will not yield more in the tariff negotiations with the United States give ground for fear that there may be a tariff war after all. True, the report does not come from official sources and only reflects the opinion of one newspaper, the Temps, but under the circumstances the utterance is very likely to have been inspired. The Temps does not believe there will be a tariff war, however. It bases that fond hope on the ground that there is a high prices agitation in America and the congressional elections are coming on. Then, too, it refers feelingly to the traditional friendship between the two countries. Just what bearing traditional friendship, high prices agitations and congressional elections have on tariff negotiations it does not explain. However, we all hope that the Temps is right and that there will be no tariff war. Perhaps if those who presumably inspired the Temps article would be a little more conciliatory in their attitude, however, they would do more to avert such a conflict than if they depend on sentiment and domestic happenings in the United States.

Postal Savings Bill In Danger.

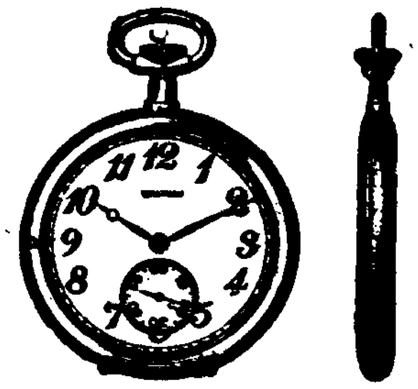

While the constitutional lawyers of the senate contend that the Root amendment is necessary to make the postal savings bank bill a constitutional measure, there is bitter opposition to it on the part of friends of the bill. These contend that all deposits in the postal savings should be placed with the banks in the immediate neighborhood. The objection to this on the part of the government is that it is responsible for the deposits, while most of these local banks are not responsible to the federal government. The Root amendment, as has been pointed out in previous letters, is to the effect that the postal savings funds may be used to purchase government bonds. The fear now is that the fight over this proposition may have the effect of defeating the entire measure.

Politics of the Next House.

The talk over the political complexion of the next house continues to engross the politicians and the anxiety is not confined. Champ Clark, the minority leader, and Chairman Lloyd of the democratic congressional committee express confidence that the body will be Democratic. The present Republican majority is forty-nine, and to control the house it would be necessary for the minority party to hold all their present seats and win twenty-five more. Even that would not give them a working majority. There are some misgivings on the part of at least a portion of the Republicans, but few of the majority party go so far as to concede even the possibility of a Democratic house. The most they will do is to admit that there may be Democratic gains and that the insurgents may have the balance of power. But they practically have that now.

WOULD EXTEND SCOPE OF WORK

Columbus, O., Feb. 21.—Rep. Gibbs, of Lorain county, introduced a bill this afternoon to extend the scope of the work of the state bureau of public accounting to include all executive departments of the state government, all charity and penal institutions and every justice of the peace court in Ohio. Gibbs says that recent developments in many counties show that the justices need occasional inspection. At present they are required merely to report once a year.

COULD YOU BLAME HER?

Zanesville, O., Feb. 21.—Because it is alleged that he went home intoxicated Saturday night and broke a dozen eggs, John Adams was arrested today for malicious destruction of property, on a warrant filed by Mrs. Barbara Tompkins, his landlady.

ESCAPED IN NIGHT CLOTHES

Lancaster, O., Feb. 21.—Edward Church, of Cambridge, and Tom Mercer, of Forest Dale, who escaped from the Boys' Industrial school yesterday, clad in their night gowns only, were captured today six miles north of this city. Both boys are in a precarious condition. Church is suffering from measles and Mercer from mumps.

Delicate Children

—is—

Vinol

"My 9 year old daughter was weak, pale, and had no appetite., I gave her Vinol, and she began to thrive at once. She gained rapidly in weight, color and strength."—Mrs. W. H. GILMORE, Durand, Mich.

"My two children, who were puny and ailing, rapidly gained flesh and strength when I began to give them Vinol. I proved that Vinol is a splendid tonic for delicate children."—Mrs. C. ALLEN, New Bedford, Mass.

Vinol builds up healthy flesh and makes thin little limbs round and plump. Children love to take it.

We return people's money without question if Vinol does not accomplish all we claim for it. Try it, please.

POLICE COURT.

A feud of long standing broke out in the red light district Saturday night, and as a result two inmates of a resort at the rear of 120 Walnut street "mixed." Things were decidedly squally for some time and some blood was spilt, and some hair, both real and artificial, was pulled out in chunks. The police were called, and May Bell, said to be the aggressor in the battle, was arrested. She will be given her hearing today and is now out on $10 bond.

Wax White, a regular in police court, was taken down yesterday and sent to the city prison in the patrol, for Wax had collected a glorious souse and was making the air blue when nabbed by the police. He drew the regular fine.

BOYS' MEETING.

"The Life of Washington" was the subject of the address given by Rev. Bennett at the boys' meeting Sunday. A patriotic program had been arranged and was very much enjoyed by the boys. Mr. James Fraser, with his cornet, gave a very interesting selection that pleased the boys, and the Glee Club sang "Uncle Sammy" in way that caused every boy to feel he sure was the son of Uncle Sam.

The Glee Club will give its concert at the high school auditorium Friday night of this week. They will be assisted by the high school orchestra and a large number or girls from the schools. Altogether there will be over 80 in the cast. It will be under the direction of Prof. Neilson, which doubly secures its success.

The Newark Trust Co. will observe Tuesday, Washington's Birthday, as a legal holiday. dlt

LINK WON'T HAVE CINCH.

Fred Link, formerly with Newark in the Ohio State league, last year with Columbus, and who at the end of the year was sold to Cleveland, will have no cinch in making good with the Naps next season. Besides Link, the Cleveland club has Gregg of Spokane, and Mitchell, both of whom led their respective teams in the pitching department last year. According to McGuire, the Columbus boy will be given every chance to make good before final judgment is passed on him.—Lancaster Eagle.

KAPPA PHI SORORITY OF OLD DENISON

Enjoyed Splendid Banquet Saturday Night, With 40 Members Present—Granville News.

Granville, O., Feb. 21.—Saturday evening was a red letter occasion in the history of Kappa Phi Sorority of this place, and at an early hour in the evening a large number of the members of the sorority boarded an interurban car and went down to Newark, where they held their twelfth annual banquet at the residence of Mrs. Dowden, on Second street. About forty members were seated around the festal board, which was most beautiful with its decorations of lighted candelabra, pink carnations, the sorority flower, ferns and bands of cerise and blue ribbon stretched the length of the table. The following was the menu:

Pickles Olives
Fish Hot Rolls White Sauce
Roast Turkey Cranberry Sauce
French Peas Mashed Potatoes
Lemon Ice
Waldorf Salad Wafers
Marshmallow Whip
Gateaux Assorties Nuts

AFTER SUFFERING ONE YEAR

Cured by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis. — "Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world of it. I suffered from female trouble and fearful pains in my back. I had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I hope I can help others by telling them what Lydia E. Pinkham's Vegetable Compound has done for me." — MRS. EMMA IHSE, 833 First St., Milwaukee, Wis.

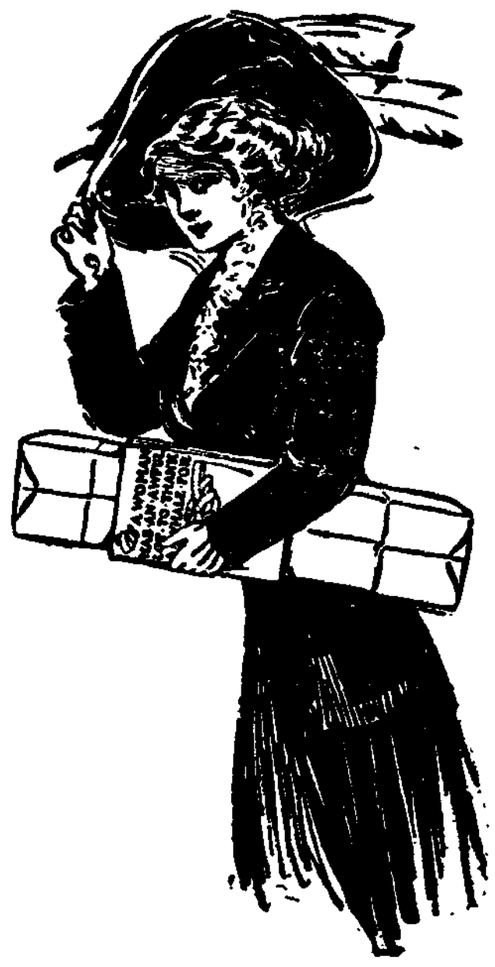

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

PILGRIMAGE TO NEWARK

Columbus Fans Will Charter Special Car to This City Thursday Night to Witness Boxing Exhibition.

[Columbus News.]

There is great interest among the lovers of boxing in this city in the coming bout at Newark Thursday night of this week between Battling Schultz of Toledo and Sammy Trott of

JOHNNY SCHULTZ,

Who will meet Sammy Trott in glove contest at Auditorium theater next Thursday evening.

Columbus. The boys are to go ten rounds, weighing in at 122 pounds at 6 o'clock. Schultz has never been seen in Columbus but once, but the fans have a most lively recollection of the slashing manner in which he put away Freddie Fricke in three rounds at Schenck's hall on that occasion. Since then he has again beaten Fricke and has acquitted himself well in other bouts with high-class men. He is surely a whirlwind.

On the other hand, Trott is not in the least alarmed over the fact that in Schultz he is to face the best man he has ever met and that he is really going out of his class to fight him. Trott is in fine condition; is hard as nails and is as tough as they make them. He figures that he can avoid Schultz's rushes and get to the Toledo lad before the bout has gone long. At all events it is pretty near certain to be a hard go from the start, as both are "willing" boxers and sail in for all they are worth.

As preliminaries for the show, Young Benner is to meet a Newark lad, and Young Zimmerman of Columbus will go on with Kid Black of Magnetic Springs. Jack Bates and Jack Daly will give an interesting exhibition of the different blows used by boxers.

The affair will be held in the opera house at Newark. A special car is to be run from Columbus, leaving here at 7 o'clock in the evening and returning after the bouts are all over. Tickets will be on sale at Murmane's, Leachman's and Cashatt's. Tickets will also be on sale at the Chamber of Commerce box office after the wrestling show there Monday night.

[Ohio State Journal.]

Columbus will send a large delegation to Newark Thursday night, where a boxing show will be produced with Sammy Trott of Columbus and Battling Schultz of Toledo. These boys will go 10 rounds unless a decision is reached sooner.

There will be three preliminaries. Jack Bates and Jack Daly come first. Then George Benner will go on with a Newark scrapper. Young Zimmerman and Kid Black are slated also.

Special cars will be chartered for the Columbus party and seats are on sale at Cashatt's, Leachman's and Murmane's.

LEGAL NOTICE.

Charles Reed, whose residence and whereabouts are unknown will take notice that James A. McGonagle, as administrator of the estate of Mary I. Reed, has filed his petition in the Probate court of Licking County, Ohio, asking for the allowance of a claim for burial expenses against the estate of Mary I. Reed. Said petition will be for hearing on the 25th day of February, 1910, and the defendant is required to answer the same or the allegations of the petition will be taken as true.

WOLGAST IS THE FAVORITE

San Francisco, Feb. 21—A man here who has an opinion as to who will win the lightweight championship of the world tomorrow when Ad Wolgast and Battling Nelson meet in the arena in Richmond, has to back up that opinion with money. Judging from the amount of of money already wagered and the amount in sight, a census of opinion favors Wolgast.

The betting has increased by leaps and bounds for the past two or three days and the present odds are 10 to 8 on Nelson, with no Nelson and plenty of Wolgast money in sight. Just why Westerners are risking their money on young Wolgast is a mystery to the eastern fighting men here who declare Nelson will whip him in less than 25 rounds. Experts say they do not think the Milwaukee lad can go the distance with the Dane. Wolgast has trained faithfully and is in splendid condition for tomorrow's battle. Nelson, too, is "fine" and confident.

The Newark Trust Co. will observe Tuesday, Washington's Birthday, as a legal holiday. dlt

ONE DAY EACH MONTH

PRACTICE LIMITED TO CHRONIC AND NERVOUS DISEASES.

In every line of human effort, it is a specialist who is accomplishing the greatest results and reaping the largest rewards. Twenty-five years' practice in the treatment of Chronic and Nervous Diseases has enabled me to achieve success in this line of specialization. The secret of success rests upon three well grounded essentials: medical skill, experience and the honesty and uprightness which I employ in dealing with my patients.

I treat by the latest and best methods known to medical science, all COMPLICATED, DEEP-SEATED, affections of the THROAT, LUNGS, STOMACH AND LIVER. ALSO NERVOUS, URINARY, PELVIC AND CHRONIC DISEASES OF THE BLOOD, SKIN, BLADDER AND KIDNEYS.

SUCCESS ALWAYS FOLLOWS SQUARE DEALING

My up to date modern mode of treatment is well worth the careful persusal of all in need of medical attention. If you are sick, DON'T EXPERIMENT, but GET THE BEST. I make NO CHARGE for examination or consultation, and if I think I cannot benefit you I will tell you so. My system of treatment has been thoroughly tested, and may be JUST WHAT YOU NEED. It will cost you nothing to investigate. A little advice may be all you require. It is FREE and strictly confidential.

THE DR. BOYD TONIC

All Tired Out? —No Need to Be!

Begin Feeling Better and Stronger Tomorrow

You need a tonic. But be sure that that tonic isn't a stimulant.

Taking a stimulant is like whipping a tired horse. Or like throwing kerosene on a fire. A stimulant is a *combustible*. It burns up strength.

What you need is something that will aid Nature in renewing strength and energy—in building up *reserve force*.

Your muscles and nerves need relaxation. Not the usual artificial and harmful "keying up" that most tonics give.

This relaxation inducing natural, healthful sleep—followed by a splendid building-up of the entire system—is the immediate effect of

The Dr. Boyd Tonic

(Non-Stimulant)

Right from the first this tonic will give you vim and strength for your work—it will make you well without any need for a "rest."

One of its properties strengthen heart action—promotes a rapid circulation—sends red blood bounding all through the body—brings back the glow of health.

Another property is the greatest strength and body builder known to medical science.

Another is an alterative—clears the blood of all impurities—corrects the skin diseases which often result from a run-down condition—beautifies the complexion.

Another increases the appetite—aids digestion and the assimilation of food—helps the system to extract the nutriment from food.

The Dr. Boyd Tonic works wonders. Try it—take advantage of this chance to get well. Your druggist has it—if not get it for you. Its slight cost may save you *hundreds of dollars* in doctor bills.

S.S.S. THE ONLY REMEDY FOR BLOOD POISON

The first symptom of Contagious Blood Poison is usually a little sore or ulcer, so insignificant that often no attention is given it. But when the blood becomes more fully infected with the virus the mouth and throat get sore, glands in the neck and groin swell and sometimes ulcerate, forming sores and ulcers, the hair comes out, copper colored spots appear on the body, and where the disease is allowed to remain in the system the poison frequently penetrates deeper and attacks the bones. S.S.S. is the true antidote for Contagious Blood Poison—the only remedy that is able to get at the very root of the trouble and remove every particle of the virus from the circulation; at the same time S.S.S. acts with upbuilding and tonic effect on every portion of the system. As soon as the system gets under the influence of S.S.S. the symptoms begin to disappear and soon a perfect cure is made. S.S.S. can be used in the privacy of one's own home and a permanent cure effected. To aid those who wish to cure themselves at home we have prepared a special Home Treatment book which contains much valuable information to Contagious Blood Poison Sufferers. With the aid of this book and the use of S.S.S. a cure can be effected in every case. We will send this book, and also any medical advice desired free to all who ask.

CAN'T YOU EAT WHAT YOU WANT?

You won't need to diet if you'll take POTOSOTE because POTOSOTE will help digest anything you eat.

Nearly all forms of stomach trouble are caused by too much acid in the stomach. This produces inflammation, congestion, gas, palpitation of the heart, headache, dizziness, bad breath, bad taste, loss of appetite and many other painful conditions.

You have to be careful of what you eat, you forget what it means to be cheerful; you become dyspeptic.

POTOSOTE—The Condensed Mineral Water—will quickly change all this for you. By keeping the bowels open and free it corrects the excessive acidity of the stomach; it helps digest everything you eat without delay; it expels the gas and increases your appetite. It helps you eat what you want and enjoy it; it turns the cheerless days into bright days—all because it is a simple Natural remedy that actually aids digestion and keeps the stomach sweet.

POTOSOTE is the powdered substance of the famous mineral waters. Dissolve a teaspoonful in a glass of water and drink it just as you would at the springs. It is palatable, always fresh, convenient, economical and the best way of really bringing into your own home the great curative benefits of the world's most famous medicinal waters. Each package contains enough to make a gallon of Potosote Mineral Water. One package will show you that it means the difference between sickness and health to you.

OBITUARY

CLAUDE D. MILLER.

Claude D. Miller, son of the late M. M. Miller, died at Columbus, O., Sunday, Feb. 20, in his 34th year. The remains will be brought to this city Tuesday over the B. & O. railroad at 12:30 and taken direct to Cedar Hill cemetery, where short services will be held. Mr. Miller was born in this city Oct. 30, 1876. He was a machinist by trade and for a number of years was in the employ of the New York Central railroad, and it was at their shops in Cleveland where he took down with typhoid fever, which left him in a weak and feeble condition, from which he never rallied. He was a member of Burlington, Ia., lodge of K. of P. His mother and sister, living in Columbus, survive him. He is a nephew of Wm. E. Miller, Mrs. J. L. Miller, Mrs. L. E. Miller and Mrs. Peter Stief, of this city.

BENJAMIN BANYIA.

Benjamin Banyia, who has been living in Newark for a number of years, and who has been ailing for a long time, having been unable to do any work, died at his home, 141 South Cedar street, Sunday morning about 8 o'clock. The deceased was aged about 50 years and is survived by his widow, one son and two daughters, being Albert Banyia, Mrs. Anton Laezks and Mrs. Gizela Bada. The funeral services will be held on Tuesday afternoon at 2:30 o'clock, at the home on South Cedar street, and the interment will be made in Cedar Hill cemetery.

DIED IN NEW YORK.

Word has been received in New York that the father of John Alfred Tait, of the high school faculty, died last night at his home in New York city. About a year ago Mr. Tait's mother died, and since that time his father has failed steadily. Mr. Tait was called to New York earlier in the week by a telegram announcing his father's illness.

FUNERAL OF ALBERT T. IRWIN.

The funeral of the late Albert T. Irwin, the Baltimore and Ohio railroad conductor, who died at the Wheeling hospital Thursday night at 8 o'clock from the effects of injuries received by being knocked down and run over by the engine of his train at Lamira, on the C. O. division of the B. & O., Thursay morning, was held from the home of his mother, Mrs. Davidson, 235 East Main street, at 1:30 o'clock Monday afternoon. The funeral was under the auspices of Newark Lodge, No. 13, Knights of Pythias, and the Order of Railway Trainmen, of which the deceased was a member, turned out in large numbers. Rev. Mr. Trout officiated and the interment made in Cedar Hill cemetery.

AGAINST DIVORCE

Against divorce the Church stands like a stone wall. The passions of men must break at that obstacle. For it marriage is indissoluble except by death. But for the power and the example of the Catholic church, the flood of divorce would sweep the vast majority of the non-Catholic people of this country into the maelstrom of sensuality. Before its majestic No, all weaker Christians cringe and are ashamed. Inspired by it, many of them take new heart to be true to their marriage vows.—Catholic Columbian.

GRAUSTARK.

George D. Baker's dramatization of the popular novel, Graustark," will be the attraction at the Auditorium theatre tonight.

The play opens in Edelweiss with the arrival of Grenfall Lorry and Harry Anguish, wealthy young Americans, the former in search of a pretty girl with whom he became acquainted in America. Both of the

Americans get adventure in plenty, for within a few hours after their arrival they overhear a plot to abduct the ruling princess of the principality.

They decide to frustrate the plot themselves, and trail the villains to the castle. Lorry enters the princess' room, thinking it is that of Lady Dagmar, her attendant. The abductors shortly enter, and in the fight that follows Lorry is wounded. The princess, grateful for his having saved her life, has him nursed back to health in the castle, where they finally reveal to each other their mutual love.

The ramatization of "Graustark" is along romantic lines, and there are numerous climaxes and situations. The scenic investment is an elaborate one, and the company fully equal to their individual parts.

As a dramatization of one of the popular novels, "Graustark" as presented, is well worth seeing.

AS TOLD IN THE HILLS.

NOTHING BUT PRAISE FOR AUTOMATIC

Council Inspection Party Returns Sunday Night From Trip to Kenton, O., and Lansing, Mich.

The party from the city council who was inspecting automatic telephone systems in Ohio and Michigan, returned to Newark Sunday night, after a pleasant trip and they were favorably impressed with the systems they investigated at Kenton, O., and Lansing, Mich. The time was too short to make the proposed journeys to Decatur and Champaign, Illinois, and this part of the trip was abandoned.

The Newark men left Kenton Friday for Toledo, and spent the night in that city, going from there in the morning to Lansing, Mich., where they arrived at noon. There the automatic 'phone system was carefully inspected and many citizens were questioned regarding the service from the time it was installed up to the present time.

As in Kenton the verdict of the people was most favorable. There are 2000 subscribers a the Lansing exchange and during the week just passed but 49 cases of trouble were reported, and the manager stated that many of these were connected without the subscriber knowing there was any thing wrong with their telephone, the trouble in many instances having been found by inspectors of the apparatus.

When the automatic system was first opened for use there was some trouble caused by crossed connections but this defect was speedily repaired and the people of Michigan's capital are enthusiastic over the labor-saving device. The speed with which they can make their own connections and the fact that they can talk and their conversation be absolutely private appeals to them.

There is one old lady in Lansing who is blind but who is very fast in spinning the dial and calling her friends, the manager said. She works this died much faster than does the average person who can see just where the finger holes are.

While the central station was inspected by the council committee, most of their time was spent visiting different stores and offices and the reports they received were universally favorable.

A prosperous looking hardware store was visited and the proprietor, F. A. Egeler, was questioned regarding the service and how it compared with the old manual plan. "It is the finest thing on earth and I wouldn't do without it," he said. This too, was the answer of Shields and Leadley, proprietors of a large plumbing establishment.

A. Andras, the owner of a confectionery store, has been a subscriber to the automatic system ever since it was first installed and he says it has always given entire satisfaction to him, and to the people who call him.

Dr. A. F. Gordon, a dentist, also used the manual 'phone until the automatic system was installed, and he says there is no comparison between the two. The J. W. Knapp and Co., dry goods, likes the automatic system very much and they prefer it over the Bell system, which is of the manual type.

Another man who appreciated the 'phone on account of the privacy was A. D. Sturgis, a druggist. Yakeley Bros., proprietors of a dry goods store, claim that the new system is a big improvement over the old, and the increase in rates was not objected to because the service has been much improved.

The proprietors and clerks of the W. D. Sabin and Son hardware store are all boosters for the automatic system and so were many other people of Lansing. Not one complaint was heard for the plant has given entire satisfaction ever since it was installed.

The Newark inspection party left Lansing late Saturday afternoon for Detroit and arrived there early enough in the evening to attend a theatre. Saturday night and Sunday morning was spent there and at noon all left for Toledo, where several hours were spent in sightseeing.

The 'phone rates in Lansing are higher, as they were in Kenton, and in both cities they are higher than the proposed rates in Newark, but no complaint was heard along this line for the superior 'phone service pleases the people and consequently they do not object to paying a little more for it.

In Lansing there is a sliding scale for telephone rates, according to the franchise of the company. For the first 2,000 telephones the franchise allows the company to charge $30.00 for business 'phones and $20.00 for residence instruments; from 2,500 to 3,200 'phones the rate is $33 for business and $22 for residences, and when there are 3,200 subscribers and above that number the rate is $36 for business and $24 for residence.

It is estimated that the proposed change in the plant of the Newark Telephone company will cost about $100,000, and of this amount about $40,000 will be spent in Newark for labor and material. The trunk lines and cables will be placed underground in part of the business district. The installation of automatic equipment in Newark depends upon action of the city council. If the council grants a franchise the automatic equipment will be installed. Otherwise the present system will continue in use.

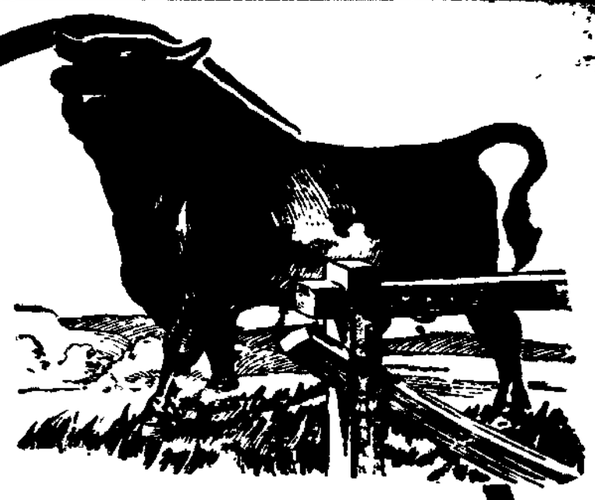

BAN PUT ON DANCES.

Findlay, Feb. 21.—The cry of "On with the dance, let joy be unconfined," has ceased in Hoytville, where the town council has put a ban on public dances. All dancing must in the future be done in the homes of private citizens.

LIVERY STABLE BURNS.

Shawnee, Feb 21.—Fire of unknown origin yesterday completely destroyed the Obear livery stable, owned and operated by J. D. Elder, of Columbus, with most of the contents, at a loss of $3000. Four men who were asleep in the office had narrow escapes.

were equally gorgeous in mantles of scarlet and ermine or black and gold. The bishops had discarded their more modest black satin robes with lawn sleeves for their ecclesiatical full dress of scarlet with long ermine capes. Never were the scores of peeresses present more richly gowned. The diplomatic corps glittered in the full military uniforms of dozens of more or less important powers, the only exception being the American ambassador, Whitelaw Reid, a solitary and noticeable figure in the plain black of an American citizen. The Prince and Princess Henry of Prussia were also among the spectators.

Every one was settled down when a hush announced the arrival of the Prince and Princess of Wales. The assembly rose to its feet as the couple advanced a few paces, bowed and mounted the steps of the dais to seats on either side of the throne.

At 2 o'clock the pursuivants and heralds, leading the royal procession, entered the door to the throne's right. All arose. Following the pursuivants and heralds came the officers of the royal household. Next came the king and queen, who bowed to the throne, ascended the dais and took their seats.

His majesty wore a broad flowing robe and a long mantle of ermine, when opened, disclosed the uniform of a field marshal. In his hand the king carried a field marshal's hat. The queen was dressed in black against which the state jewels showed brilliantly. A long string of pearls hung around her majesty's neck and she wore her famous coronet. A train of crimson velvet borne by a page was draped from her shoulders.

As soon as every one was reseated the Lord Great Chamberlain sent black robed Admiral Sir Henry Stephenson to summons the commons to hear the king's speech. While he was gone, the great officers of state grouped themselves around the throne. The lord chancellor in his long gray wig and baron's robes stood behind the Prince of Wales. At his side was the Marquis of Winchester, bearing the "cap of maintenance." The Earl of Crewe carrying the imperial crown on a velvet cushion, stood near. The commons with the speaker at their head soon appeared at the other end of the chamber. Then the Lord Chancellor stepped forward and kneeling before the throne handed to the king a printed copy of the royal speech, nominally prepared by the king himself, but really the work of his ministers. The king immediately began the reading of the document.

The speech concluded, the king arose, gave his hand to the queen and descended the steps of the throne. Followd by the Prince and Princess of Wales, they marched out, the speaker and commons retiring simultaneously by another exit. Parliament, which has been actually transacting business since the middle of February, is now formally opened and in both houses the debate on the address to be presented to the king in reply to his speech was immediately begun and still continues.

OLIVE TABLETS WILL CURE CONSTIPATION.

Constipation may be called the curse of America. Eighty per cent of all people need laxatives often; also need the liver regulated. Constipation is not only uncomfortable, but dangerous. Typhoid fever, appendicitis, neuralgia, headaches and various other ailments are often caused by constipation. Look the facts squarely in the face. Don't you need to help the liver and bowels more than you do—don't you need to take fewer chances? Use a mild laxative, one that is designed to cure constipation. Dr. Edwards' Olive Tablets, the one effective substitute for Calomel, act gently, yet firmly and promptly. You can't estimate their value until you try them.

These little Olive Oil and vegetable tablets are the result of Dr. Edwards' fifteen years' hard study among his patients. Must they not be good? Try them and see for yourself. When you need a physic; when you need something to drive away that dull, torpid feeling, take Olive Tablets, they will do it pleasantly and surely. At all druggists, in neat 10c and 25c packages. MR. HEISEY REAPPOINTED POSTMASTER

A special telegram to the Advocate from Washington Monday afternoon announces that President Taft has reappointed George D. Heisey as postmaster of Newark.

Mr. Heisey's term expired several months ago and there has been no little speculation upon the appointment of his successor. Several prominent Newark Republicans aspired to the position, but people conversant with political affairs at Washington have long insisted that Mr. Heisey would be reappointed and this has now been done.

Mr. Heisey and his lieutenant, General George B. Hamilton, have long directed the policy of the local Republican forces and they still have the interests of their party well in hand.

While Mr. Heisey has a number of strong opponents in his own party ranks, he has nevertheless been able all the while to direct the party fighting, and at the same time he has given the Newark postoffice a good business administration.

Senator Dick has all the time favored Mr. Heisey's reappointment. Senator Burton, it was understood, favored another candidate, and there was talk of presidential opposition to Mr. Heisey, but Monday's developments show that Senator Burton must have agreed with Senator Dick, for Mr. Heisey has been reappointed.

Rheumatism Vanishes.

Evans' Drug Store Has Secured the Agency for Rheuma and Guarantees It.

The hundreds of people in Newark who have suffered the terrible agony of Rheumatism will be delighted to learn that Evans' Drug Store has finally secured the agency for Rheuma, already the most famous prescription for the quick cure of Rheumatism the world has ever known.

To promptly introduce the remedy to the sufferers of Newark, Evans' Drug Store has decided to return the purchase price if Rheuma does not produce satisfactory results.

The price of Rheuma is only 50c. a bottle, and we are sure that hundreds will give it a trial after reading Evans' Drug Store's generous offer.

Rheuma cures Rheumatism by acting directly on the kidneys. It dissolves the uric acid, drives the poison from the system, builds up and puts activity into the tissues of the kidneys and makes them strong enough to afterward cast off all impurities without aid. AUNT DELIA

HAS RETURNED HOME FROM A VISIT WITH PRESIDENT TAFT.

Says Will's Cow Gives Good Milk and That President is Worried Over Insurgents.

Millburg, Mass., Feb. 21. — Miss Delia Torrey, an aunt of President Taft, who says she used to hold him in her arms and trot him on her knee when he was a baby, has just returned to her home here after a visit at the White House, and declares with great pride that "Will is just the same old Will. He's bigger and he's busier, that's all."

Miss Torrey gave several personal touches to the home life of the president, which have been hitherto little known.

"It seems too bad," she says, "that he can't have all he wants to eat, but I suppose it's for the best. They have their cow in Washington and I had some of her cream every morning for breakfast. It was fine.

"Will said several times that he was worried about the insurgents. He said he was working hard to keep the pledges made by the party to his people and that the insurgents hindered him. And what he said is right, because he is one of the honestest that ever lived."

JUST A FEW QUESTIONS TO NEWARK MEN

TO THE CITIZENS OF NEWARK.

Here are a few questions for you to answer:

Have you looked at a map of the United States recently?

Where is Newark on this map?

Ah, yes, there it is, right at the point of my pencil. See?

Wonder who else sees?

Who knows that Newark is on the map?

Who cares—other than you and I?

What does Newark mean, industrially, to America?

Does it mean anything?

What is the score?

Are we really in the game of town development?

Citizens, this is almightly important, the position Newark takes in the race for municipal supremacy.

Newark can not fight her battles without you and me to boost. We can at least boost if we cannot build.

Remember this: "No town is better than her men."

No town went ahead without men to push her ahead.

A lazy farmer allows his crops to run to weeds.

A lazy townsman allows his town to run to weeds—literally and figuratively.

Weeds and crops do not thrive well together.

Weeds and town development do not know each other.

Let's cultivate our ground.

There is a reason for Newark being on the map, or it would not be there.

Let's study our town a little.

Find out why we are on the map, why you and I and our neighbors settled in this spot instead of some other. In making this inquiry, we probably will discover reasons why other persons, other business men, would like to live and do business in our town. We will discover our advantages.

After we now our town, let's tell others: let's pass the information around; send it abroad.

Let's work for Newark.

Our private business is important, and must not be neglected, but our general business interests are inseparably associated with the welfare of Newark.

If Newark prospers, we will have a better opportunity to prosper.

If you and I are making good now, what could we do in far more favorable circumstances?

What are you and what am I willing to do to make Newark more prominent on the map of the United States?

Opportunity! Opportunity!! Opportunity!!! has been knocking at the door of every citizen in Newark for the past several months. The Newark Board of Trade, The Business Men's Club and other organizations need your help to solve the questions above.

WHAT ARE YOU WILLING TO DO FOR NEWARK?

It is a vital, an almighty important question. Let's have your response by attending the meetings of the Newark Board of Trade and The Business Men's Club, where you and I can get together and help to make Newark the Most Attractive Town in the State, yes, the United States.

With apologies to "Town Development," a live publication of Chicago.

Yours truly, E.

likely to die at any moment. Late last night the physicians performed an operation on the girl in an effort to remove the bullet. Feltknapp was seriously wounded in the back.

The girl had been playing in front of her home, which is but a few feet from where the disturbance occurred, when she was attracted by the crowd. She went to the corner and witnessed the men and boys placing obstructions on the tracks. When the car approached she was standing directly in range of the policeman's revolver. It is believed that the first shot fired struck the girl, who fell to the sidewalk unconscious.

The transit officials state that 297 cars were wrecked, two completely burned and one partially burned by the mobs yesterday. Two thousand six hundred and eight car windows were smashed.

The tracks of the Philadelphia, Baltimore and Wilmington railroad cross Wharton, near Twenty-sixth, and a mob of several thousand persons, shoved a freight car from the railroad tracks, placing it across the trolley tracks, completely blocking traffic.

Rioting, which had been confined to the northeast section during the early part of the day, spread to the downtown district and Germantown shortly after 1 o'clock.

At Ninth and Wolf streets, after a car had been wrecked and its passengers and crew driven away, the conductor was chased into a stoneyard.

Here several of the rioters picked up a tombstone and hurled it at the man. He was so badly injured that a call was sent in for an ambulance.

As a Frankford car passed north on Kensington avenue at high speed a mob erected a barrier at Clearfield street by lifting a large iron sewer lid and placing it, re-enforced by cobble stones, in the center of the track.

The car hooted. Immediately motorman, conductor, policeman and the laborers it contained were dragged to the street and beaten.

One of the rioters mounted the front platform and shoved the controller around to full speed. The car rushed forward with a jerk and fairly leaped into the obstruction.

At Tenth street and Tioga the crowd, augmented by a large number of rioters, who had left the vicinity of Kensington avenue when the cars were withdrawn from that street, halted a car carrying the usual completement of police and several persons on the car were badly beaten before the police could rescue them.

Forty mounted police were unable to cope with the mob. It was impossible to make an arrest. One youth, accused by the police of drawing a revolver, was chased to a house at 325 Lehigh avenue, where he fell exhausted on the step.

A woman rushed out and dragged him in before his pursuers could arrest him. She refused admittance to the police and helped the boy to escape by another door.

There were scores of such incidents of this character both in Kensington and the downtown sections.

In West Philadelphia, generally considered the most law-abiding section of the city, a mob numbering nearly 5,000 congregated at Forty-fifth street and Lancaster avenue and defied the police, and, in spite of all efforts to control them, stoned and damaged 18 cars.

Passengers were forced to leave the cars and the crews ran them through at the peril of their lives.

Three Haddington cars, of the "pay-within" type, fairly well filled with passengers, were attacked at Forty-fifth street and Westminster avenue by a crowd of more than 1,500. The cars were bombarded and the passengers were forced to lie on the floors to escape serious injury.

The shooting of the young girl occurred at Twenty-third and Lombard streets, a well-to-do residence section. Swept along in front of a riotous mob, which was attacking the crew of a car Mary Devlin, 16 years old, 2518 Waverly street, was shot, when the police, unable to check the crowd, drew their revolvers and fired.

The bullet entered the girl's leg just above the knee and with a shriek of pain she fell and was trampled upon as the rioters, fear-stricken by the volley fired by the police, fought with each other to get into the alleys.

Enraged by the police, hundreds in the mob climbed to the roof of houses and hurled bricks which they tore from chimneys.

The shooting then became general. Instead of firing in the air, as had been the order earlier in the afternoon, the policemen aimed directly at the leaders of the mob, but, so far as known, hit no one.

The girl was picked up bleeding and unconscious and was taken to the Polyclinic Hospital in a critical condition.

One car was destroyed by fire and another badly damaged by a volley of bricks and stones in the vicinity of Twenty-fifth and Wharton streets.

For two hours that neighborhood experienced a reign of terror, started by a band of idle youths who held up the first car at a crossing. The motorman and the conductor were told to get off, and terror-stricken, they fled, a volley of stones pouring upon them.

Several of the mob rifled a freight car of bales of cotton waste, which were systematically placed within the car and set on fire.

In a few moments the entire body of the car was enveloped in flames, and nothing remained but scrap metal.

Another car was burned in West Philadelphia about the same time, while a mob held a squad of policemen in check.

Two firemen who attempted to extinguish the fire were beaten away, one being sent to a hospital.

According to the strike leaders, there are 6,200 conductors and motormen out, leaving but about 800 men loyal to the company.

STRIKE BREAKERS ON WAY.

New York, Feb. 21—About 400 motormen secured here by the agents of the Philadelphia Rapid Transit company, have left for Philadelphia, and before the day is over it is expected 400 more will be sent to the Quaker City. The agents of the company expect to ship 2,000 strike breakers in all. Wm. D. Wier and H. W. Johnston have charge of the bureau on West 24th street, and all day crowds of young and old men congregated about the office. At first only experienced men were listed, but now anyone who is willing to go to Philadelphia is engaged.

Nothing so clean for a good, wholesome, hearty breakfast, as Mrs. Austin's pancake flour. At all grocers
